Your school's online magazine has invited you to suggest ways in which your school could be more environmentally friendly. Write **a blog post in 200-250 words** for the magazine:

- explaining the reasons why schools should promote eco-friendly lifestyle;
- describing what your school is currently doing to be more environmentally friendly;
- giving your suggestions (identify and describe at least two different eco-friendly activities that could be implemented in your school).

Use this space for notes (not to be evaluated).
